Says Military 'Pads' Budget

Hoover Sees 'Startling' Extravagance

Washington, April 11—(AP)—Herbert Hoover testified today that the army, navy and air force are "padding" their money requests to Congress by millions of dollars.

He also accused them of "startling" waste and extravagance.

The former president, appearing before the Senate Armed Services committee, cited an air force request for funds to build 10 family homes in Alaska costing \$38,350 each.

He noted the army wanted \$100,000 each to modernize 102 M-26 tanks it doesn't even have.

\$30,000,000 Error: Then, he said, there was the little matter of a \$30,000,000 clerical error in requesting \$39,000,000 for 69 National Guard 155-millimeter howitzers which would actually cost only \$9,000,000.

And he submitted a report which declared:

"Applications (in the military budget) for hundreds of millions of dollars to retool industry should be examined with the greatest skepticism."

Hoover told the committee that what the department of national defense needs is a good bookkeeping system.

"At the present time," he said "nobody can tell the cost of any particular function in the armed services."

Former Secretary of War Robert Patterson, following Hoover in the witness chair, told the senators:

Duplication Costs High: "It is no exaggeration to say that in World War II the cost in duplication, competition and disjointed effort directly traceable to the two-headed (army-navy) system ran to billions and billions."

Much of the public debt, Patterson said, is "due to that division of authority and responsibility between the War Department and the Navy Department."

(There is no longer a War Department; it is the Army Department.)

Hoover's testimony prompted Senator Byrd (D-Va) to comment:

"The entire military establishment is permeated with waste and inefficiency."

But Hoover replied:

"Well, no one man is to blame. Senator. It's just that the system has grown up through the years until it's completely antiquated."

Byrd and Senator Knowland (R-Calif) served notice they will demand a thorough overhauling of military budget practices after Hoover told the committee:

"It is difficult to escape the conclusion that some padding has been a fairly general practice."

Physicians Report Forrester Suffers From Overworking

Washington, April 11—(AP)—Navy physicians said today James V. Forrester, recently retired secretary of defense, is suffering from "occupational fatigue" which is "directly the result of excessive work during the war and postwar years."

They said he needs rest, and that he is progressing satisfactorily at the Naval Medical Center at Bethesda, Md.

Forrester, who is 57, has been a patient at Bethesda for 10 days. He was flown there from Florida, where he had gone after turning over his cabinet position to Louis Johnson.

Rear Admiral N. L. Fugh, deputy chief of the Navy Bureau of Medicine and Surgery, told reporters that fatigue such as Forrester is suffering from affects victims both physically and mentally.

Fugh said, however, that he has talked with Forrester and the former defense chief "talked very rationally."

Senate Asks U.N. To Protest Clergy Trials In Europe

Washington, April 11—(AP)—The Senate unanimously approved today a resolution calling for a United Nations protest of the "persecution" of Catholic and Protestant clergy in Yugoslavia, Bulgaria and Hungary.

The Senate foreign relations committee reported to the Senate that the arrests and imprisonment of the clergy "can be construed as:

(1) Violations of treaty obligations by Bulgaria and Hungary;

(2) Flouting of the United Nations charter by Yugoslavia;

(3) And derogations from human rights and fundamental freedoms by all three which they had solemnly agreed to protect and preserve."

HUGH CROSS SWORN IN AS CCC MEMBER

Springfield, Ill., April 11—(AP)—Hugh W. Cross of Jerseyville was sworn in today as a member of the Interstate Commerce Commission.

The oath was administered by Federal Judge Charles G. Briggie. Cross will begin his new duties Wednesday in Washington.

Groups Starting Fund To Reward Rescue Workers

Los Angeles, April 11—(AP)—Public subscription, to reward the men who braved death in the Kathy Fiscus rescue try, gained momentum today. The American Legion announced it is starting a fund. The veterans of foreign wars did likewise.

Then the Los Angeles Chamber of Commerce announced it is forming an overall committee to consolidate collection of funds.

President Earle V. Grover of the Chamber said one of the committee's first tasks would be to study the matter of recommending the engineers and sandhogs for Carnegie hero medals.

"Purpose of the fund," said Grover, "is not to give dollars and cents payment for a job of work, but rather to give suitable recognition to those who, without thought of compensation and with utter disregard of their own comfort and safety, applied their talents and strength to a monumental battle with death."

Grover said contributions were coming in today, and said the clearing house would be "The Rescue Fund Committee, care of Postmaster, Los Angeles."

"The six" district U.S. Court of Appeals set aside the men's conviction by a U.S. District Court in Detroit and cancelled penalties imposed there.

CHURCHILL DISCUSSES THE FUTURE

Winston Churchill, speaking at the Massachusetts Institute of Technology, had in his subject, "The 20th Century, Its Promise and Its Realization," the opportunity to reach way up into the stars for some high-powered conclusions, and he did not overlook it.

It was his first major talk in the United States since his "Iron Curtain" speech at Fulton, Mo., three years ago, and it was made clear that he did not see any brightening of the purposes behind that curtain.

But the situation, as he reviewed it, has brightened on our side. The democracies have gained unity, they have added some strength and, most important, through the Marshall plan they have improved economic conditions in these areas where the Communists were making their strongest bid for power.

Mr. Churchill's warnings of Communist designs have been fully confirmed. Whether or not the Russians have been deterred from complete subjugation of Europe only by our possession of the atomic bomb, as he claimed, will of course never be known for sure. Very true was his observation that the Soviet bosses fear our friendship as much as our enmity, for they cannot afford to let their people learn of the superior accomplishments in the free countries.

Mr. Churchill, who has made some bad guesses in wartime, is nevertheless a good judge of events. He saw that Hitler was tipping the military scales against the democracies and warned them to build up their air power. Now he sees the inexorable pressure of Communist terror and warns the democracies to be united and strong. But all this follows quite logically from his earlier warnings. He can note with satisfaction that his advice this time has borne some fruit.

Judge Wm. E. Thomson Dies Early Monday; Services Wednesday

Judge William E. Thomson died Monday morning at 3 o'clock at Maplewood sanatorium from a heart ailment after an illness of eight months.

He first became ill last September, but his condition improved to such extent that he could be out again and visit his law offices occasionally. He was not able to resume active practice, however, after his illness of last fall.

Judge Thomson was twice elected county judge of Morgan county. He was senior member of the law firm of Thomson & Thomson, having been associated with his sons, Bruce Thomson and Ralph Thomson.

Judge Thomson, father of three sons and three daughters, resided at 1410 South Main street. All of his sons are attorneys, and his three daughters became teachers after completing their studies.

Official made many enduring friendships. His mother passed away in 1932, and his father in 1942. Six Children Survive

Surviving are six children. Attorney Kenneth W. Thomson, Boston, Mass.; Mrs. Harry M. Ellis, Winona, Ill.; Attorney Bruce Thomson, Jacksonville; Mrs. Raymond S. Sampa, El Paso, Ill.; Miss Ruth Thomson, Randolph, Mass.; and Attorney Ralph Thomson, Jacksonville. There are five granddaughters and four grandsons.

Judge Thomson was the member of a family of twelve children. He is survived by the following brothers and sisters: Mrs. Bertie N. Short and George Ellis Thomson of Burbank, Calif.; Mrs. Edith Peterson, Hendrum, Minn.; Glenn B. Thomson, Elmer R. Thomson and Harry L. Thomson and Mrs. Olive E. Pillsbury, all of Petersburg, Ill.

Three brothers and a sister, Frank, Jesse M., Edgar N., and Annie Thomson preceded him in death.

The remains are at the William Funeral Home, where the family will meet friends Tuesday evening.

Funeral services will be held Wednesday at 2:30 p.m. at Grace Methodist church with Rev. Frank Marston officiating, assisted by Rev. C. W. Leonard. Burial will be made in Diamond Grove cemetery. The remains will be taken to the church one hour before the funeral.

Village Officers Nominated At Glasgow Caucus

Glasgow—At a public caucus held in the town hall in Glasgow Friday evening, for the purpose of nominating a ticket, the following nominations were made and accepted: President of the board, Pina Smith; incumbent, village clerk, Wayne Steelman; trustees, Claude Haney, Max Smith, Milo Lettice, Lee Price.

The village election will be held Tuesday, April 19, in the town hall, with the polls open from 8 a. m. until 5 p. m.

Contrary to a previous listing of Glasgow in a newspaper article as being among those districts or towns voting on local option in Illinois, there will be no wet and dry issue voted upon at the local village election, since no legal petitions necessary for this action were completed or filed according to law.

The April P. T. A. program will be held in the Glasgow schoolhouse Wednesday evening, April 13, instead of the following Friday evening, which has been the regular monthly date for these programs.

The April program will consist of the showing of a series of colored slides by M. F. Fuller of Winchester. Included in these slides will be pictures of the different schools in Scott county. Bingo will also be played during the evening. There will be no admission charge.

Those attending are requested to bring sandwiches and cookies. The Alsey grade school softball team came down Friday afternoon and tackled the Glasgow grade school team on the local diamond, with the resulting score being Alsey 10, Glasgow 8.

Blossom Time Gal

Portia Jean Thornton, 18, of Wenatchee, Wash., brown-eyed brunette who will reign as queen of the Washington State Apple Blossom Festival, gets set for a bite of her favorite fruit—an apple, naturally. The color of her dress is blossom pink—apple, of course. Portia, who eats an apple a day, was also a princess at the Cherry Blossom Festival in Washington, where she also plucked—you guessed it—apples.

Spring Is Here—The Best Show In Town

By Hal Boyle
New York.—(AP)—Ya-a-a-ww-w-w-nnn!

I guess spring is really here. Spring is really here. Spring fever is anyway. And the season of gentle melancholy and pleasant foolishness is upon us.

It is a time of dreamy peace for common man, as his mind and body prepares for the chemistry of summer. But it is also time of great wars. Ambitious leaders through all history have picked his season to unleash the armies they have built up through the winter. The ground has firmed for the martial foot.

But this year looks like another of the years the world treasures—a year of peace. The bugle hangs on the wall, brightly polished but unblown. No mighty armies are massed for attack. . . . that we know of.

Spring arrives when the air wears a chill in the shade and a sudden softness in the sun. And the sidewalk blooms with thousands of baby buggies, alive with posterity and the voices of tomorrow.

You can live here all your life and never see a robin or a bluebird, the heralds of spring elsewhere. But the pigeons aren't a bad substitute. The pavement is alive with their courtship—love under foot—and their cooing can be heard half a block.

There isn't much the average man does here to show how spring affects him. He dares a brighter necktie. He dawdles and day dreams more. And I think the dooling in his desk

pad changes in a subtle way. But that would take a cryptographic Dr. Kinsey to interpret.

A gleam comes into the housewife's eye. She wraps an old cloth about her head. Dust rises. The furniture makes its semi-annual trek around the living room to the tune of her husband's creaking joints.

On the streetcleaner whistles behind his broom. The stenographer carries a bouquet to work, and everyone gets a flower. Every woman is fair to the eye—and every bachelor is a possibility. Even the subway sings adventure.

By these signs you know it. Spring is here—the best show in town.

Order Easter lily plants for Easter now. Also roses, carnations and corsages. Assorted bouquets. Now is the time to buy Pansy plants.

Junior Class At Arenzville Gives Three-Act Play

Arenzville—A large crowd attended the three-act play presented April 8 by the junior class of the Arenzville High School. The play, "He Couldn't Take It," was directed by Miss Helen Potter.

The cast included Don Wessler, Roland Carls, Marilyn Burrus, Eloise Roegge, Jean Nordseik, Melba Dufelmeier, Jean Roegge, Paul Kleinschmidt, and Clarice Hierman. A medley of piano tunes was played before the play by Richard Love-

kamp. Between the first and second act, Richard Ruppel and Eloise Roegge sang "Cruising Down the River." The junior girls' chorus sang "Galway Bay" and "Easter Parade" between the second and third act, with Mrs. King as accompanist.

Arenzville Club Sends Delegate To District Meeting

Miss Mary Frances McLain represented the Arenzville Junior Woman's club at the 46th annual meeting of the 20th district of the Illinois Federation of Women's clubs,

held at the Christian church in Petersburg, where it was announced that the club was awarded first place in its division in the scrapbook contest.

Junior club women of the 20th district held their annual banquet at the Grace Methodist church in Jacksonville. Miss McLain, the district treasurer, will hold office for another year.

Mrs. Jay J. Newton, senior adviser, was a guest of the club. Others from Arenzville attending were Miss Norma Helen Hierman, Mrs. Ralph Clark, Mrs. Arthur Schlueter and Miss McLain.

Exercise Shapes Prettier Figure

Swinging a stick up and back of head is a good exercise to put a figure in better shape for a bathing suit.

By Alicia Hart
NEA Staff Writer

If you are willing to swing a stick over your head or propel your arms like a swimmer you have two simple exercises that will put you in better shape for your bathing suit.

Such exercises are not only designed to make arms prettier but will do as much for shoulders and bust.

For the upward thrusts, hold with both hands a stick, about as long as an umbrella, at each end. While standing erect carry the stick up and back of your head as far as it will go. Give this exercise, which moves the muscles of bust, arms and shoulders with one motion, several swings before you drop your stick and get ready to "swim."

To "swim" standing up, hold your arms straight out in front of you at shoulder level and alternately move them back to you, as though you were swimming, ploughing through heavy surf. Give this exercise as many strokes as you would if summer were already here and you made a daily swim your daily stint.

Pink Cosmetics Accent New Togs

Designed to accent the allure of this girl's lacy straw bonnet is a new lipstick shade of delicate apple-blossom pink.

By Alicia Hart
NEA Staff Writer

A spring event of note is the wedding of pink makeup and the lacy look of fashions.

Such a union leaves nothing undone in helping a girl to make the most of her feminine allure.

Millinery designers and cosmetic chemists seem to have that objective in view when they create bow-bonnets of lacy straw, pale flowers and velvet ribbons and lipstick shades named for such symbols of femininity as Little Bo Bop.

Typical of new lipstick pinks is one which translates the deepest pink shade of the apple blossom into rouge. Makeup of this soft coloring is designed to accent the pink fashions so prevalent for spring and to sharpen by contrast the interest in the season's blues which take in the forget-me-nots and the Wedgewoods, the royals and the navies.

DPs BACK IN ANCESTRAL FRANCE

Vienna—(AP)—History is making a full circle for a group of displaced persons in the American zone of Austria.

Known as "Banat Volksdeutsche," they fled to Austria as the end of World War II. Nearly 500 of them have been resettled in France—the home of their ancestors.

The Banat region was once part of the Austro-Hungarian empire. In 1919 it was divided between Yugoslavia and Romania. The area was originally settled by farmers from Alsace Lorraine, under a program sponsored by Empress Maria Theresa in the 18th Century. The Empress, attempting to reclaim the marshy area, made grants of land to settlers willing to develop its agricultural resources.

Mrs. Helen Amant entertained her bridge club with a party at her home. Two tables of contract bridge were at play, with prizes being won by Miss Edna Hierman, high, Mrs. J. H. Scott, travelers, and Mrs. O. E. Blair, low.

Hurricane Starts Fishing Port

Ocean City, Md.—(AP)—Commercial fishermen now starting spring hauls off this pleasant summer resort know that the present bustle and profit of their activities is due largely to the odd fact that even the murderous whims of a hurricane may produce lasting benefit.

Before 1933, food fishing around Ocean City amounted to little. It lacked a port. Then, on August 22, 1933, the hurricane piled breakers on the long, white beach forming part of a land tongue that barred Sinepuxent Bay from the Atlantic.

Hotels were wrecked, the Ocean City boardwalk ruined, the beach

spoiled. An anguished chorus rose from resort men; the town's main industry suffered a heavy blow. But the hurricane also washed a clean passageway through the beach south of Ocean City, providing an entry into Sinepuxent (whose only outlet then was southward, to Virginia) and created an excellent port.

From then on, commercial fishing developed. Ocean City, long accustomed to hibernate from one summer to the next, got a wintry industry—fishing.

Last year, the Ocean City fishing fleet gathered in more than 3,500,000 pounds of fish, worth \$750,000.

Forty per cent of the industrial life insurance purchased in 1947 was on the lives of women.

Thank-You Letters Received By Red Cross Knitters

Miss Anne Bellatti, chairman of the knitting committee of the Morgan County Red Cross chapter, has received two letters, a knowledge of receipts of knitted articles sent through the local chapter. One of the letters was from the Veterans Administration hospital at Hines, where a shipment of sweaters had been sent. The other letter was from the military hospital at Fort Logan, Colo., which also received a shipment of sweaters from the local chapter. Both letters commended the excellent work done on the sweaters and expressed the appreciation of the patients and the staff members.

Arrest Former Cass Woman On Murder Charge

Beardstown.—Mrs. Hattie Wayman Welch, former resident of this community, has been named in a murder warrant at Peoria in connection with the shooting of her former husband, Lawrence Welch, 54. Mrs. Welch told police her former husband went to her Peoria home Wednesday. She left the house leav-

ing her 20-year-old son, Roy, with his father. Later she said she saw the older Welch throwing bricks at her son. She secured a revolver and ordered Welch to leave, but he continued the brick throwing, she said, tossing some at her also. She shot him twice.

Peoria police said that Welch had been arrested 20 times since 1920 on vagrancy charges.

ROGER THE LODGER

By Elizabeth R. Roberts

THE STORY: Mr. and Mrs. Roberts take in problems as well as lodgers when they attempt to relieve the wartime housing shortage in Great Falls, Mont. Chief problem lodger is Roger, who invites unexpected guests to dinner and smashes up the Roberts' car. But the most recent problem is Rollo, a young Air Transport Command pilot, whose girl has just jilted him to marry a 42-year-old colonel.

XIX

A FEW days later Ben Woodworth, a cattle buyer friend of ours, proposed we make up a party and go with him and his wife, Sandra, to Oswaldo, a wide spot in the road situated on the shoulder of the Rockies. He was due to oversee a large shipment of cattle.

I couldn't bear to leave Rollo home in his unhappy state of mind, and so I hinted to Ben that he invite him to go along. It wasn't difficult to sell the idea.

We crowded Rollo and Sandra and me into the back seat of Ben's car and Ben and Rob sat up front. Sandra and I did a lot of visiting together—we hadn't seen each other since the day before—and in our preoccupation with ourselves, we paid little heed to Rollo. He must have had a bottle in his pocket fitted with a straw, for by the time we reached Oswaldo, Rollo was listing.

Since it was still early in the afternoon, Ben suggested we bypass the hotel and take a drive toward the Main Range to give Rollo time to sober up. Mr. Hinky who owned and operated the hotel was a rabid teetotaler. We drove until dinnertime and still Rollo hadn't shown a flicker of interest in the mountains we had to offer.

Back in Oswaldo, Ben said, "Food's what he needs."

We drove up to the little cafe and the men, as inconspicuously as possible, propelled Rollo in and to an out-of-the-way table.

Rollo sat blinking, each blink lowering his eyelids a shade more permanently. "Fresh air's what he needs," Ben said. "How about

that, Rollo? Want to sit in the car?"

"That's a good idea," Rollo said. "You fellows don't need to help me. I'll make it okay."

WE ate our dinner quickly, for we noticed that quite a crowd had gathered on the sidewalk before the restaurant and we didn't want to hold up trade.

In Oswaldo the curb is high, two good steps up from the street, possibly to keep mud from sloshing onto the sidewalks. Rollo had got as far as the curb. There he had evidently sat down to take the air. And then lain back to rest. And fallen asleep.

A circle of mouth-open people were gathered around the peaceful young aviator, and some little children were amusing themselves by running the length of his recumbent form. The more venturesome began at the head and jumped from his knees to the street below; the timid ones began at his knees and jumped off his head to the sidewalk close beneath.

"Here! What's the idea?" Ben demanded. "Can't you see this fellow's sick?" He shooed the children away like flies off a piece of pie.

"He's drunk, that's what he is," said Hinky, who had joined the crowd. His voice was brimming with outrage. "He can't stay in my hotel. I run a decent place."

"But he's a soldier," I said, sure as always that that made a difference.

"I don't keep if he's a soldier," Hinky answered angrily. "He ain't agunta sleep in my hotel. If I let one drunk in, particularly a soldier, I'd have a virt'ul madhouse on my hands instid of a decent, law-abiding hotel."

Even if Hinky relented, I wondered how, short of block and tackle or a fireman, they could hope to get Rollo up that ladder of a staircase.

"Let him sleep in your car," the

obdurate Hinky suggested. "He might open the door and wander out and get hurt," Sandra objected.

"Lock the doors, then," Hinky said, giving some measure of the size of the intellect we were dealing with.

ROB and Ben, reinforced by some stalwart country boys, managed to get Rollo onto the back seat of the car, no mean feat since it was a two-door sedan, and we all repaired to the telephone office to call the dude ranch.

But the place was closed for the season. We must have looked desperate, for the operator took her headphones off and said she couldn't help overhearing the conversation and knew a tourist camp on the outskirts of town that might still have a vacancy. She'd scarcely finished telling us this when there was a call on the switchboard. It was a woman to say she couldn't help overhearing the conversation and she was calling right back to tell us her husband had a place for the soldier and if we'd just wait, he'd meet us at the telephone office.

Mr. Harris appeared within a matter of minutes. He had a little place over yonder in a horse lot where he could put a man occasionally when he was in a pinch.

The men bedded Rollo down in the little shack.

"He'll be in fine shape tomorrow," Mr. Harris assured us. "Won't know where he is. Can't get a drop to drink."

When we called for Rollo next morning, he had not slept it off. Mr. Harris spied the bottle. "Jumping Jehoshaphat!" he exclaimed. "He's went and drunk up Old Everlasting."

He picked up the empty bottle lying on the floor beside Rollo's bed. "Yes, sir, he's went and done it." He looked at us in bewilderment and surprise. "Why, I bought that stuff nigh onto a year ago. Brought it home as a present for the boys. And I ain't found a cow poke yet could git a swaller down." He looked at Rollo with awe. "Yes, sir," he repeated, admiration tinging his voice, "he's went and done it."

**Time to
Spring Clean
your Buick too!**

Bright sun shining—new greenery showing—soft breezes calling you onto the highway—this is the season that Buick of yours was made for!

This is the time when you'll want to hear the sweet hum of its eager power, feel the lazy comfort of its easy stride, get the springtime feel of its thrilling action.

And you can have all that—with just a little attention to some simple things to shake the winter out of its bones.

For instance—the rusty sludge that has accumulated in your radiator should be cleaned out. Transmission and rear end may be low on lubrication, and should be checked. Crankcase oil should be changed to a summer grade.

The underside of your car has taken a lot of splashing on wet roads. Some of the chassis grease has been washed out, some of it fouled with mud and grit.

So it's time to drain out the dregs of winter. Time for a little of the knowing, loving care every Buick gets at the hands of our Buick-trained men, armed with Buick-developed tools, Buick-established methods, Buick-engineered parts.

It doesn't take long, doesn't cost much. But it goes a long way toward making old Buicks step out again like lively spring colts. How about stopping in—this week—to see about a spring rejuvenation for your faithful Buick?

Check your car— Check accidents!

Driving is twice the fun when you have complete confidence in your car—when you know that tires, brakes, steering, lights and the like won't let you down.

Altogether, there are 10 points to be checked for safety on any car. Bring your Buick in to us for a thorough going-over before setting off on your spring safaris. We'll take the worry and fuss off your hands—so you can be carefree at the wheel.

Pick Dodgers To Take NL Pennant In Close Finish With Pirates

By Joe Reichler
New York, April 11—(P)—Burt Shotton's Brooklyn Dodgers are the writer's pick to win the National League pennant, but only after a terrific struggle with the improved Pittsburgh Pirates.
At least two other clubs—Boston and St. Louis—will have something to say as to which team will represent the senior circuit in the world series. But the pendulum swings to the Dodgers because they have the youth, aggressiveness, speed, poise, balance and reserve strength the others lack.
The Pirates have more power, equal defense, and may even top Brooklyn's pitching, but the Bucs are slow and aged, and their bench is only mediocre. Should Ralph Kiner, Stan Rojek or Bob Cheneau be forced out of action for any extended period, all the managerial genius of Bill Meyer could not bring Pittsburgh a pennant.
The Dodgers are not going to cop any individual titles—not a home run champ or batting king in the carload—but they'll win ball games. They'll stretch singles into doubles, steal bases, score runs in every way conceivable and in general run the opposition ragged.
Boston's decision to stand pat is not calculated to do the defending champion Braves any good. However, they still have enough to finish a strong third. The Cardinals have too many "ifs" to make a serious fight of it. But any club with Stan Musial, Enos Slaughter, Marty Marion and Harry Breen should finish in the first division.
Here's the way we see the probable order of finish:
1. Brooklyn
2. Pittsburgh
3. Boston
4. St. Louis
5. Philadelphia

Jack Escorcia Tells Arenzville Baseball Schedule

Jack Escorcia, Arenzville's high school baseball coach, evidently isn't superstitious. The Cass county diamond tutor has booked 13 games for his high school sluggers, and has scheduled the final contest for Friday, May 13. How's that for tempting fate?
The Arenzville nine has already marked one game off its schedule. They fell before the Mercedia Indians Tuesday, April 5, in a narrow 5-4 tilt. They continue with their catch today when they play host to Cecil McVey's Virginia Red Heads. The remainder of the Arenzville diamond slate shows:
April 14—At Plymouth.
April 18—Jacksonville.
April 19—At Winchester.
April 21—At Virginia.
April 26—Winchester.
April 29—Plymouth.
May 3—Routt.
May 4—At Chapin.
May 6—At Routt.
May 10—Mercedia.
May 13—Chapin.
May 16—Sub-district.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, April 11—(P)—Hog prices eased another 25 cents a hundred pounds today while cattle were unevenly 25 cents higher to 50 cents lower and lambs were steady to weak.
Good and choice butcher hogs sold mostly between \$17.50 and \$20, the practical top. A short load edged up to \$20.25. Sows made \$14 to \$16.75. Clearance was good.
A load of prime long yearlings reached \$31 and choice to prime heifers made up to \$27. Choice loads of steers were \$27 to \$28 and good and choice heifers brought \$23.50 to \$25.75. Beef cows topped at \$21, sausage bulls at \$22.75, and vealers at \$21.
Woolled lambs found a \$31.50 top for choice grade and clipped lambs were up to \$30. High-choice native springers sold for \$35. Ewes were too scarce to make a market.
Salable receipts were estimated at 57,500 hogs, 13,000 cattle, 500 calves and 3,000 sheep.

New York Stock Market

New York, April 11—(P)—Mild buying interest pulled a few stocks to the plus side today but the market as a whole drifted lower.
The volume of trading was at the rate of 750,000 shares for the entire session, a little below last week's average day.
Buying was not concentrated enough to move any particular major group forward. Selling pressure on individual issues also had little or no effect on any of the principal categories of securities.
Rock Island railroad fell off nearly 2 points on the announcement that Blyth & Co. and Bear Stearns & Co. expected to offer 225,000 shares as a secondary distribution after the market closed. The offering was indefinitely postponed because of market conditions shortly after the initial announcement. Rock Island recovered some of its loss near the close.
The American Iron & Steel Institute estimated steel production this week at 99.2 per cent of capacity compared with 98.8 per cent last week.
On the downside were Nickel Plate, Union Pacific, Chesapeake & Ohio, Pure Oil, Standard Oil (N.J.), Superior Oil of California, Pan American Airways, General Electric, Eastman Kodak, International Paper, Alaska-Juneau, Bethlehem Steel, Chrysler, Goodyear, Montgomery Ward, and Paramount Pictures.
The band market was quietly irregular. United States securities were unchanged in the over the counter market.

FEW PRICE CHANGES IN GRAINS MARKET TREND INDEFINITE

Chicago, April 11—(P)—Grain prices scored only minor changes on the board of trade today and the market had no definite trend.
For the most part deferred deliveries of wheat eased a bit while the May contract held steady. Good new crop prospects were considered a factor in the easing of deferred futures.
Corn did a little better than the rest of the market, particularly May delivery. It was up around cent and times. Strength reflected a good demand for cash corn despite receipt of 152 cars today.
Receipts were: Wheat 20 cars, corn 152, oats 76 and soybeans 9.
Wheat closed 1-1/2 lower, May \$2.17-2.17 1/2, corn was 1/2 lower to 1/4 higher, May \$1.33-1/2, oats were unchanged to 1/4 higher, May 70 1/2-1/2, rye was 1/2 lower to 2 cents higher, May \$1.26 1/2-1/2, and hard was 10 to 18 cents a hundred pounds higher, May \$1.10-1.11 1/2.

Kramer Expects To Be Playing Good Tennis For Three More Years

By Bill Macklin
London, April 11—(P)—Big Jack Kramer, who says he is well on the way to earning his second \$100,000 by playing professional tennis, concedes himself three more years in the lifetime.
"When someone comes up who can beat me consistently," said Jack in an interview while playing in London, "I'll retire from competitive play completely."
Kramer, who will be 28 on Aug. 1, is acknowledged the best tennis player in the world today. He swept the amateur "triple crown" in 1947, winning the Wimbledon championships, United States title and helping America hold the Davis cup—and started to cash in with a pro debut on Dec. 26 that year.
How much longer can he reign? "If a guy lives a good clean life," he said, "and has the will to win, I think he could stay on top until he is 32. But it takes working at. I have to ration my beers and lay off highballs."
Kramer brought his touring troupe, including Bobby Riggs, Jimmy Falls and Pancho Segura, to Europe in March. From December, 1947, through last month, Jack beat Riggs, his regular opponent, at least five out of six times. They have lost track of the exact figure on purpose.
The act needs to be freshened, with a new opponent for Kramer. He hopes that an amateur will capture the triple crown this summer and join the troupe.
Kramer rates Ted Schroeder on top of his short list of amateurs. Ted is a Californian who helped

Sammy Snead Cops Masters; Mangrum And Bulla Second

By Sterling Slappey
Augusta, Ga., April 11—(P)—Sammy Snead, who found the gold of the masters with a brilliant putter, had the best name in golf today as the touring professionals moved toward the high points of the year—the PGA and the Open.
Sammy, the out drivingst hitter in golf, steadied his putter yesterday and came home with a 67 in the final round of the masters. That five-under par shooting at the Augusta national matched his third round score and added with other rounds of 73 and 75 gave him a 262.
It was more than enough to win from Lloyd Mangrum and Johnny Bulla with their 285's. In their final trips around the national, Mangrum hit the Purple Heart veteran of Niles, Ill., had a 70, and Bulla, the one-time airline pilot from Pittsburg, had a 79.
Par Gives Palmer Fits
The third round leader—big Johnny Palmer of Badin, N. C.—could not whip par and his final 72 gave him a 286. Jim Turpet of Briarcliff, N. Y., and the Turnesa golfing family had a 286. One of the great comebacks of the 13th masters was by former national open champion Lew Worsham. The Oakmont, Pennsylvania, shot a 68 in the final round for a 289 total. Worsham began the masters with a damaging 76 and 75.
Hollywood's Joe Kirkwood, Jr., son of the trick shot golfer, was eight strokes back of Snead with a 290 after his three-way tie for second place in the third day.
Clayton Heafner of Charlotte, N. C., Jimmy Demaret of Ojai, Calif., and Byron Nelson of Roanoke, Texas, had 292's. The defending champion Claude Harmon and Herman Keiser, another former Master's winner, scored 293's.
About 14,000 golf fans turned out for the final day, and most of them came home with Snead.

Mikan, Laker Star, Fractures Wrist In BAA Playoff

Washington, April 11—(P)—With big George Mikan sidelined temporarily, the Washington Capitols are favorites to win tonight's fifth game in their Baseball Association of America title series with Minneapolis.
The caps are trailing the lakers 3-1 in the best four of seven classic. But sports writers feel the locals with their three big men—six foot, nine inch Kleggie Hermensen; six foot, seven inch Jack Nichols; and six foot, six inch Bones McKinney—are too powerful in rebound strength for the visitors minus Mikan.
Without the six foot, eleven inch giant, Minneapolis has only Jim Pollard from Stanford (six feet, five inches) and former Loyola of Chicago star Jack Down (six feet, four inches) to head off Washington's towering trio.
Mikan fractured his right wrist in Saturday night's game. Going in for a layup, he collided with Hermensen and landed with his right hand forward.
The Lakers need only one game to clinch the title.
Should Washington win tonight's battle, the series goes back to Minneapolis. If needed, the sixth game will be played Wednesday and the seventh either Friday or Saturday.

Red Lively and Frank Panovich shared the Cincinnati pitching duty. The Rebels got all five of their hits during the seven innings lived was on the mound.
Cincinnati got 11 hits off three Montgomery hurlers.

Gene Thomure, Veteran Shortstop, Captains IC Nine

The 'old head' on Illinois College's current baseball team, Gene Thomure, is holding down the shortstop spot for the third consecutive season.

GENE THOMURE

Thomure, an East St. Louis product and a senior at IC, was elected to captain this spring's edition of Blueboy nines. He's an impeccable fielder and rates as a good hitter, especially in the pinches. It was his double in the seventh frame of the season's home opener yesterday p.m. that drove in the tie-breaking pair of runs.
Gene will be right in there robbing opposing batters of base knocks and rapping out bingles for himself when the Blueboy nine opposes the Scott Field soldiers on Russell Field Friday p.m.

Jerry Thompson Will Compete In Cunningham Mile

Lawrence, Kas., April 11—(P)—Tiny Jerry Thompson, former University of Texas, middle distance star, today was entered in the "Glen Cunningham Mile" to be run at the Kansas arena April 23.
The 120-pound mile, who ran the fastest mile in Southern Texas relay history in the recent Texas relays, a 4:12.3, will draw first class competition in Kansas in Tarver (C) Perkins, of DeKalb, Ill., and Don Gehrmann, the N.C.A.A. king from Wisconsin.
Meet Director Bill Easton plans to have two more outstanding milers in this event.
Thompson is enrolled at Texas but has completed his eligibility.

Iowa Nine Blasts Notre Dame 8 To 1

South Bend, Ind., April 11—(P)—Dick Orth turned in a three-hit pitching performance today and his Iowa teammates panted Notre Dame's baseball team with its third consecutive loss, 8-1.
Shortstop John Sullivan and Right Fielder Don Espe collected three hits each to lead Iowa's 16-hit attack on Irish pitchers Jack Campbell and Bob Nemes. Campbell was the losing hurler.
Notre Dame will try for its first victory of the season tomorrow as the two teams meet in the last of their two-game series. Iowa's record now is two victories in three starts. Iowa 120 210 011—8 16 3

Yankees Down Dallas 9 To 6

Dallas, Tex., April 11—(P)—Divinity student Paul Hinrichs came up with another fine pitching performance today as the New York Yankees downed the Dallas Eagles of the Texas league, 9-6.
Hinrichs, a student at the Lutheran seminary at Concordia, Mo., worked the last five innings against his former teammates and allowed only one run. Hinrichs helped win his own game by belting home a run with a triple.
Hank Bauer, spelling Joe DiMaggio, sent New York in front with a homer in the fifth and the Yankees were never headed. DiMaggio played two and one half innings and failed to hit in two trips to the plate.

Maynard Hurls Blueboy Nine To 4-1 Victory Over Galesburg Crew

Joe Brooks' Illinois College nine made their first home appearance of the 1949 season a success Monday afternoon when they downed the Galesburg U. of I. extension diamond crew by a 4 to 1 count.
The Blueboy baseball team broke out on the field resplendent in flashy new uniforms to greet the crowd of some 300 students and townspeople who thronged to Russell field to see the lanky John Maynard, the No. 1 IC hurler, turn the Galesburg gang back in their home opener.
The bout started a little on the gloomy side for the local nine. Maynard retired the U. of I. lead-off man with little trouble on a ground ball which went from Grove to Gross. Big John eased up on the number-two hitter and gave him a free ticket to first base; he was advanced to second on a sacrifice, and then scampered home when one of the Smith boys doubled to center-field.
Maynard Settles Down
Maynard tightened down after this lid-lifting run, limiting the Galesburg swingers to only three more hits throughout the remaining eight innings.
The Blueboy sluggers came into their own in the last half of the second when, with one away, Bob Grove singled, and Glenn took a base the hard way when he was hit by a pitched ball. Paul Lasley then stepped to the plate and powered out a single to pave Grove's way home with the tying run.
Both teams bogged down in the

MORGAN TO CALIFORNIA—1849

The Journey From Naples to Independence

By Cecil Tendick

Despite the reports of gold lying all over California, the future "Uncle Milford" worked hard on his farm.

But the stories of wealth and the assurance of adventure were altogether too much for his restless nature. He began getting ready to join the "horde of goldseekers" who used all known trails and made some new ones in their rush to the mines.

Many of his neighbors were entirely too poor to finance their share of the trip. It was expensive. But Rees was a fairly rich man. In 52 months his expenditures, exclusive of land purchases, amounted to exactly \$1,693.42 and three-quarters cents.

This included \$261.26 cents for "outfit" of mules, wagon, harness, provisions, clothing, arms and ammunition.

A trip to the west through unknown perils was not to be taken lightly. He paid \$3.50 for two miniature photographs after he had blown 20 cents for "shaving and cutting hair." He bought a fine tooth comb for a dime, a pound of tea and canister for \$1.25 and a shot pouch for a quarter. A pocket knife cost \$1.10 and a "paper of needles" ten cents.

Taxes On 385 Acres

IN 1849

All debts were settled. His doctor's bill was \$2.50. He paid his taxes, \$9. This was on 385 acres of land, assuredly before the age of higher education and school districts. Small wonder most farmers then were able to retire when they reached 40; the thrifty had been permitted to keep most of their income.

The wagon train got into Naples on Thursday, Apr. 12. There they loaded their heavier freight on a steamboat headed for St. Joseph, Mo., with Kirby going along to watch the cargo. Cheap, easy water freight was used to the maximum; hence St. Joseph, Mo., and Independence, Mo., were the favorite jumping off places for the overland route. The trains couldn't leave until spring weather brought out enough grass to pasture livestock. At that time of the year small steamers were able to work their way through the crooked and narrow channel to the big bend of the Missouri River.

The Morgan group followed the traditional pattern. On their first free day the boys got out their firearms and began practicing. There were Indians and buffalo and antelope on the plains and a good marksman was always welcome. "Our Mess" was the best Marksman, both guns and pistol. Rees observed. In the wagon train organization of that day a mess comprised eight men. One of them was the cook; the other seven took turns at standing guard. One-quarter of the night was the usual watch. The seven men from each mess made it easy for the commander of the watch to work out a staggered guard roster.

No. 6 Used To Ease "The Colic"

The group laid over the first Sunday "encamped on a small Rocky branch" in Pike county. "No hay for mules, corn stalks for hay. Very cold at night. Some of the boys Ede and Kirby, who had went by the way of St. Louis. He had the bowel complaint for several days and was taken that night."

Kirby didn't die. A Dr. Langhorn from a New York company, "well known in the way of clothing and ammunition, etc.," dosed him up and he recovered within a week.

Tomorrow—Toward Santa Fe.

On Tuesday, May 1, the train rolled into Independence.

"Unloaded our wagons and Drove down 24 miles to the River for Supplies. Their met with our Friend W. Kerby, who had went by the way of St. Louis. He had the bowel complaint for several days and was taken that night."

stories in the days when there were few doctors and a pharmacist was something "back east."

On the 16th day of April the group was caught in a terrific snow storm that lasted for two hours. It was "as finely as heart could wish" for. Some two or three Teams bogged down and one mule got his four legs nearly torn off. All kinds of noise that a man could wish. Some Praying, others singing and some cursing. Drove 26 miles and encamped on a fine rocky branch. Got a little hay for our mules. This evening fine supper. Eggs, Butter, milk, coffee, fried ham, Light Bread, Potatoes, Crout and all the dainties that mortal man could wish for."

Into Missouri

By Hannibal Ferry

They crossed the Mississippi about a mile and a half above Hannibal. Paid \$5 dollars per diem. A ox wagon from Ohio camped nearby "Pretty Javal Fellows and an Elderly Jintleman by the name of McDaniel Paid us a friendly visit. Cold Blurry knight, Long yams and Smutty Joaks and Songs, etc."

After buying some provisions at Hannibal the group settled down to steady travel, hitting a 20-25 mile daily average. But there were distracting incidents:

"Had a considerable Frolic with the off wheel mule. She fell down over the wagon ton and could not get up for some time."

"Roads very Broken and hilly and Rocky. One of the wagons upset and broke coupling pole, two bows, etc. The driver somewhat Intoxicated and did not get up that Knight."

"Campd on a Large creek bottom near a small village called Milton. No hay for our Mules. I was pretty hot."

"Sunday—Very warm and dry. I went in company with four more of the boys to church. Had a good Sermon. Came home and Old Mann had a fine Dinner out. Squirrels, Potatoes, Pork, Corn bread, Crackers, ginger Bread, etc."

"Encamped on a Large Creek called Silver Creek. We got corn from an old Kentuckian at 25 cents and he gave us as much fodder as we would have. It was a fine place for camping, etc."

"Some of the boys had a fine Race after a gang of ten deer in the Periarie. Did not get any of them."

Cholera Serious Menace To Our Ancestors

"Encamped on the west bank of Blew River. I felt very Bad. Was fearful I was taken that Dreadful disease called the Colic. Took some medicine and got better."

"Asidie cholera was a serious menace in those days. It struck Jacksonville in 1833, changing it from bustling, prosperous city to a forlorn village almost overnight. It is estimated that cholera killed more than one-half of the plains Indians in 1849."

Two Deer Found Grazing Monday On Chapin Farm

The deer had white tails and were exceptionally fast runners, Mr. and Mrs. Detmer reported.

Several deer have been reported roaming in Pike and Cass counties.
